

Autism Awareness:

# Fostering a Community of Care

Join us on **Thursday, April 26 at 2:30** at the **American Stage Theatre** as SPC and the American Stage Theater host Dr. Mark Durand, USF Professor.

Dr. Durand's research include developing models for understanding challenging behaviors in people with autism spectrum disorders as well as developing new treatments. Dr. Durand has published 10 books including abnormal psychology textbooks that have been used at more than 1,000 universities world-wide.
